About Me

Passionate Computer Science undergraduate focused on full-stack development and software engineering. Driven to craft intuitive, end-to-end digital solutions that solve real-world problems. Thrives in collaborative teams, bringing strong communication and creative problem-solving skills. Constantly exploring new technologies to build impactful, user-centered applications.

Education

- **BSc (Hons) in Computer Science**

University of Westminster, UK

2023 – 2027

(Expected graduation: 2027)

- **Core Modules:**

Server-Side Web Development · Client-Server Architectures

Object-Oriented Programming · Web Design and Development · Database Systems

Advanced Client-Side Development

- **Foundation Certificate in Higher Education**

Informatics Institute of Technology (IIT)

2023

- **G.C.E A/L – Biological Science**

Southlands College

2021

Subjects: Biology, Chemistry, Physics

Technical Skills

- **Programming:** Java Python JavaScript React C# ASP.NET Node.js PHP HTML/CSS
- **Frameworks:** JavaFX Bootstrap SpringBoot React Native
- **Tools:** Git GitHub Figma WEB APIs Expo CLI
- **Databases:** MongoDB MySQL PostgreSQL

Projects

- **Blue Nest Website:** Created a responsive eCommerce site using HTML, CSS, and JavaScript.
- **Portfolio Website:** Personal branding site built with HTML/CSS/JS.
- **Real Estate Website (Lehara Horizons):** Developed a React-based real estate search website, implementing accessible and consistent UI components for user search criteria.

- **Plane Management System:** JavaFX-based desktop app for managing flight data.
- **Real-time Ticketing System:** Built a real-time ticketing system using React for a responsive front-end and Spring Boot for a robust back-end, enabling instant ticket updates.
- **MaterniFy Mobile App:** MaterniFy is an AI-powered maternal care app built with React, Node.js, and MongoDB, offering personalized health support and real-time medical guidance.

Certifications

- "Python for Beginners" from the "Trainee - Full Stack Developer" programme – University of Moratuwa
- "Python for Programming" from the "Trainee - Full Stack Developer" programme – University of Moratuwa
- "Web Design for Beginners" from the "Trainee - Full Stack Developer" programme – University of Moratuwa
- Java Object-Oriented Programming by LinkedIn Learning
- React.js Essential Training by LinkedIn Learning
- Spring Boot 2.0 Essential Training by LinkedIn Learning
- React.js: Building an Interface by LinkedIn Learning
- Spring Boot and React: Build Scalable and Dynamic Web Apps by LinkedIn Learning
- Project Management Skills for Leaders by LinkedIn Learning
- IAI/ML Engineer – Stage 1 (SLIIT) (*Ongoing*)
- Advanced English Diploma – British Council

Soft Skills

Fast Learning, Team Collaboration, Problem Solving, Time Management, Adaptability, Professionalism

Extracurricular Activities

- **University:** Participated in inter-university programming competitions and proudly represented the university Table Tennis team—competing in tournaments and earning placements.
- **School:** Served as Deputy Head Prefect and Vice Games Captain Of Southlands College , while actively contributing to school clubs and teams including Hockey, Table Tennis, First Aid Unit, Student Parliament, and the Girl Guides.
